DESIGN YOUR DREAM BATHROOM WITH BENDER!

STEP 1 Define Your Goals. You are likely to have an intention or goal at the heart of it, so let that fuel your remodel or new build.

- Not enough _____
- Blah - it's outdated!
- Not my style
- Poor quality
- Increase the value of my home
- Aging in place

STEP 2 Gather Ideas. Gather ideas by browsing our website and other various resources (Instagram, Houzz, Pinterest, Manufacturer Websites, etc.).

STEP 3 Set a Budget. Consider your wants and needs but establish a realistic budget. Invest approximately 5% of your home's value to increase the value by approximately 20%.

STEP 4 Make an Appointment. Visit BenderShowrooms.com for locations, hours, and contact information.

STEP 5 Be Patient With The Process. A new build or remodel will take time, from ordering products to the finished product.
